Objective

I'm a software engineering student at the Arab Academy for Science, Technology and Maritime Transport, looking for an internship at **Geidea** where I can grow my skills, learn from real projects, enhance practical skills, and contribute to innovative software solutions in a dynamic and growth-oriented environment.

Education

Bachelor of Computer Science, Arab Academy for Science, Technology, and Maritime Transport (AASTMT) 2023 – 2027

Major: Software Engineering

GPA: Very Good

High School Certificate, Nozha Language School 2023

Professional Experience

Digital Egypt Pioneers Initiative - DEPI, Software Tester Trainee  06/2025

was selected for the **Digital Egypt Pioneers Initiative (DEPI)** a prestigious scholarship by Egypt's Ministry of Communications and Information Technology aimed at developing digital skills. I specialized in **Software Testing**, where I gained hands-on experience in **test planning, defect reporting**. Through the program, I developed strong practical expertise in both **manual and automated testing** using tools such as **Selenium** for automation, **Postman** for API testing, and **SQL** for **database testing**. I also became familiar with **ISTQB principles**, enhancing my understanding of structured testing methodologies and best practices.

Technical Skills

- **Programming & Scripting:** Java, C++, Python
- **Concepts:** Object-Oriented Programming (OOP), Data Structures
- **Testing Skills:** Manual Testing, Automation Testing, Test Case Design & Execution, Functional Testing, and Defect Reporting
- **Tools:** JIRA, Excel, Selenium, Postman, GitHub
- **Database:** SQL

Projects

Smart Fitness Band, Java (OOP Project)

- Developed a basic health and activity tracker app in Java.
- Applied object-oriented programming concepts with a simple GUI.

Smart Transport App, Software Engineering Project

Designing a ride-hailing app similar to Uber ,which focus on helping the people that have desability .Includes use case diagrams, Activity Digram,Sequance dugram, and SDLC implementation.

Testing Project

I have tested a project during the SprintX Microsoft Summer Camp. I designed test cases, applied different testing methods, and reported bugs to improve quality
mostafamohamedramadan121@gmail.com

Certificates

Sprints X Microsoft Summer Camp

summer program focused on software engineering and quality assurance. The camp included hands-on training in software testing, Agile practices, and real-world project development.

CIB Summer Internship Program

I got the chance to learn from amazing professionals, understand more about how the banking industry works, and also grow on both a personal and professional level.

Soft Skills

- Problem Solving
- Teamwork and Communication
- Active Listening
- Have the passion to learn

Languages

Arabic

(Native)

English

(B1- Intermediate)

Extracurricular Activities

Revolution of Union, AASTMT

- Member of PR and Partnerships sub-team.
- Helped organize events, coordinated with brands, and worked on internal/external communications.
